**Subject:** RE: CDR Asbestos Import Data

Susan, Lea, and Bobby,

Susan: I spoke with Lea today to state that the asbestos chemical is not included in our CDR Quality Check production volume results (for which we'll contact the submitter), so Lea will proceed with contacting the company.

Lea and Bobby: If the company needs to amend their CDR submission, you can use the following instructions:

- Visit the EPA Chemical Data Reporting (CDR) website at [www.epa.gov/cdr](http://www.epa.gov/cdr).
- Choose the "How to report under CDR" link.
- Choose the "2016 Reporting" tab.
- Under the "Using e-CDRweb: user guides & schemas" heading, select the appropriate user guide that applies to the amender's role (e.g., "2016 Primary Authorized Official").
- Follow the "Amendment" instructions that are included in the guide.
